

FZN Labs

ENTERPRISE SOFTWARE EXPERTS

ARCHITECTURE • INTEGRATION • ENGINEERING

ABOUT US

We build connected systems that drive business forward.

FZN Labs is a software engineering and enterprise integration consultancy that helps organizations design, build, and operate scalable, secure, and connected digital ecosystems.

We specialize in software architecture, API management, cloud integration, and enterprise engineering to modernize systems and accelerate outcomes.

Expert Team

Skilled architects and engineers with deep enterprise experience.

End-to-End Solutions

From strategy and design to implementation and support.

Agile Delivery

Iterative, adaptive, and focused on measurable business value.

Enterprise-Grade Quality

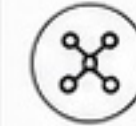

Security, scalability, and reliability built into every layer.

CORE SERVICES

1. ENTERPRISE ARCHITECTURE

- Solution Architecture
- Microservices
- Distributed Systems
- Cloud-native Platforms
- Technical Leadership

2. INTEGRATION & APIS

- SAP CPI
- MuleSoft
- Apigee
- IBM Integration Bus / ACE
- API Management
- ESB & Middleware

3. SOFTWARE ENGINEERING

- Fullstack Development
- Java Engineering
- Backend Platforms
- Enterprise Applications
- Scalable APIs

4. CLOUD & DEVOPS

- CI/CD
- Containerization
- Kubernetes
- Cloud Integrations
- Automation Pipelines

TECHNOLOGIES & PLATFORMS

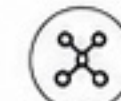

| | | |
|--|--------------|--|
| | LANGUAGES | Java TypeScript JavaScript |
| | FRAMEWORKS | Spring Boot Node.js React |
| | INTEGRATION | SAP CPI MuleSoft Apigee IBM ACE / IIB |
| | CLOUD | AWS Azure Google Cloud |
| | DATA & TOOLS | PostgreSQL, MySQL MongoDB Docker, Kubernetes Jenkins, Git, Prometheus |

WHY FZN LABS

ENTERPRISE MINDSET

We understand complex business environments and deliver solutions that scale with your growth.

INTEGRATION EXPERTS

Deep expertise in APIs, middleware, and enterprise integration platforms across industries.

ENGINEERING EXCELLENCE

Clean architecture, robust engineering, and modern practices that ensure quality and performance.

BUSINESS-ORIENTED TECHNOLOGY

We align technology with business goals to drive efficiency, innovation, and measurable outcomes.

COLLABORATIVE PARTNERSHIP

Transparent communication, shared ownership, and a true extension of your team.

LET'S BUILD CONNECTED SYSTEMS.

Partner with FZN Labs to design, integrate, and engineer the digital backbone of your enterprise.
